

## CREW NEWS 11/6/17

### **Notice - Annual Meeting/Election/Christmas Party - Notice**

On **Saturday December 2 starting at 6:00 PM**, we will be holding this year's annual multi-purpose meeting/party at the Sugar Creek home of Bob and Dee Connors. The address is 3034 Fairway, Sugar Land, TX 77478 and it backs up to the 9<sup>th</sup> fairway at Riverbend Country Club. (Shhh....they think it's their back yard.) We thank Dee and Bob for opening their home to us again. FYI, our last party at their house was not the reason for their recent renovations.

The GHRC provides the host's main course, but expect an email from Dee covering appetizers, sides, or desserts you can bring. Please bring your favorite beverage, as well. This is a member plus a guest event and is always fun.

We will have a very short business meeting at which we will elect the GHRC Board of Director positions up for this year (President, Secretary and the remaining year of the Treasurer term). We assume Caitlin McDonnell will be back in town to join us and explain her provocative first year accounting system! Officers are elected to a 2-year term. Vice President (Kate Moran) and Athletic Director (Jere Crean) will stay on the board for 2018.

If you would like information or would like to run for a board position, please let a board member know by November 18. All members are welcome.

### **New Evening Program**

Corinne Linderman has put together a much needed weekly, evening “Workout at the Boathouse” for the winter. It is on Tuesday evenings for all members and workout levels. She and others with coaching experience will be there to help anyone get started and involves weights, ergs, exercises, and other equipment. While we are lucky with “row-able” weather most of the winter, the earlier sunset makes evening rowing difficult for many. Good chance to work up to the springtime sprint season or just stay in shape. Watch your email and boathouse bulletin board for more info.

### **GHRC success at the Nationals and Texas regattas!!!**

We seem to hear GHRC’s name announced more and more at regattas we attend...with super results. As this wraps up the head race season, we will look forward to the sprint season to start. Check out the Head of the Colorado and the Masters Nationals below (Six Bridges Regatta results next Crew News):

### **Results for 2017 Masters Nationals Finals**

(Composite crews of 50% and over GHRC. These are only the Final heats and not the prior heats for these races.)
